

# CAMPX

THE X FACTOR FOR YOUR CAMPUS

## CampX Digital Ecosystem for your Campus

Presenting to you the AI-Powered digital campus ecosystem that will revolutionize the way you manage and operate your institution and learning. Stay ahead of the curve!

## Role of Technology in Education

The role of technology in higher education institutions (HEI) is to enhance the learning experience for students and make the educational process more efficient and effective. Technology has the ability to connect students and teachers, provide access to a vast array of information, and support personalized learning experiences. It also streamlines administrative tasks, such as student registration, grades management, and communication between students and faculty. Technology helps HEIs provide better education and create a more dynamic and engaging learning environment for students.

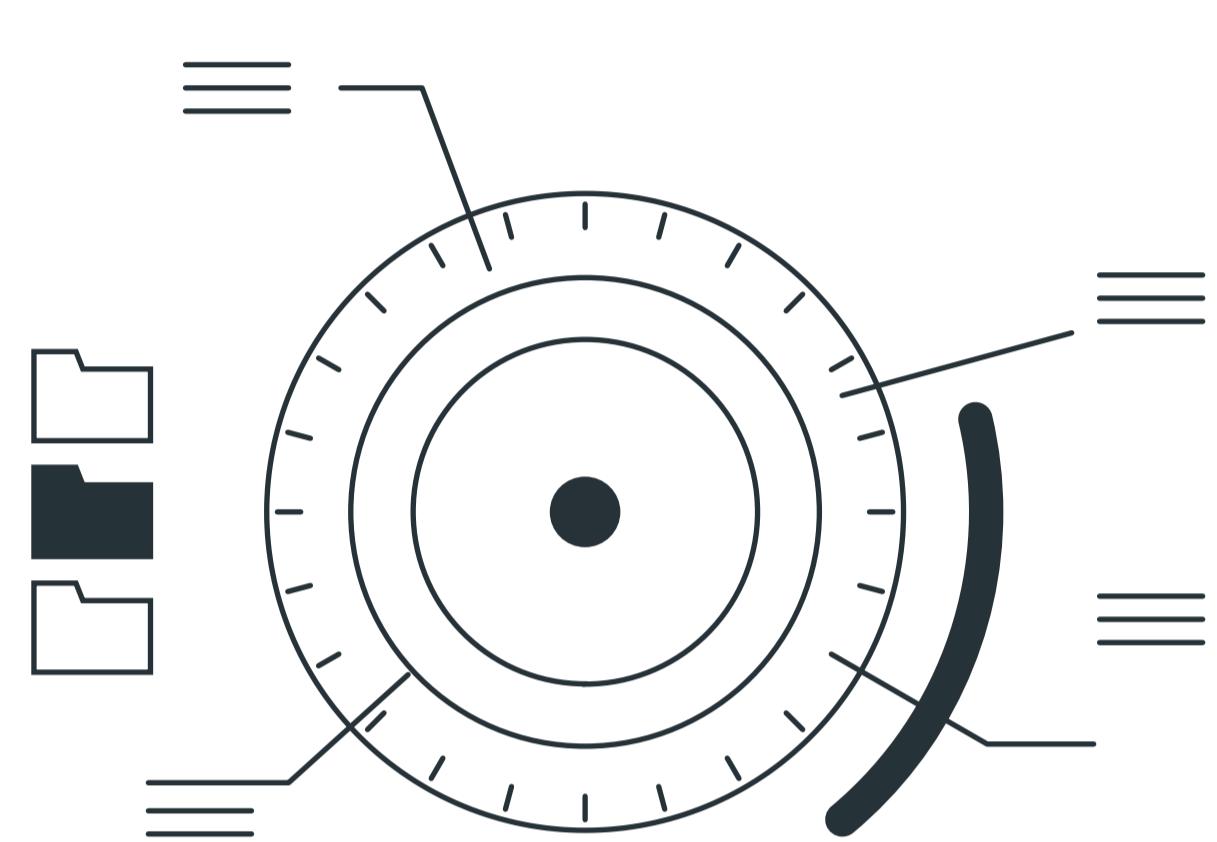

### Current Problem in the HEI Sector - Data Analytics

The use of technology in colleges and universities has brought about many challenges in handling large amounts of data. This is often referred to as the “Three V’s” of data science - Volume, Velocity, and Variety

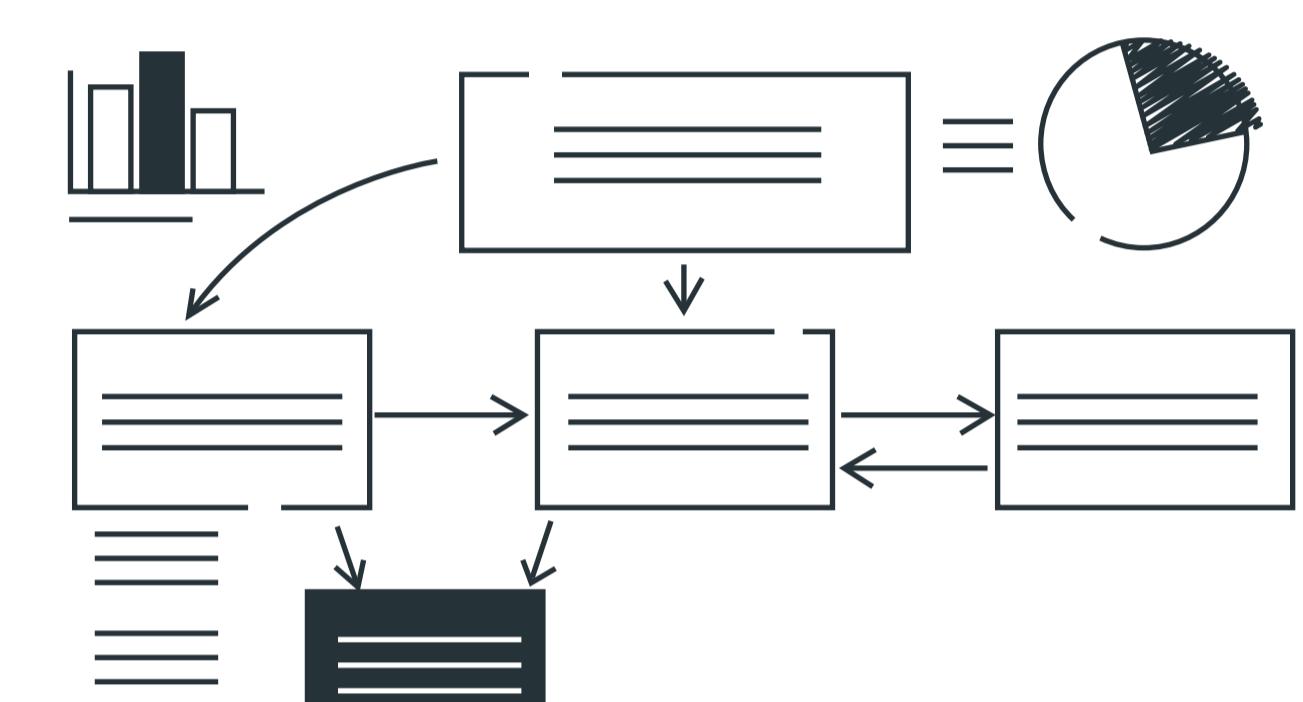

#### Analysing the Volume

Vast amount of data generated by students, staff, and administrators

#### Analysing the Velocity

Speed at which data is generated, collected, and processed

#### Analysing the Variety

Wide range of data sources and formats, colleges and universities

These issues hinder better decision-making and effective use of resources. Specialized automated and Ai-powered solutions address these challenges by handling the data in a simple, efficient, and effective manner.

#### NEP2020 - 23.5 :

*The thrust of technological interventions will be for the purposes of improving teaching-learning and evaluation processes, supporting teacher preparation and professional development, enhancing educational access, and streamlining educational planning, management, and administration including processes related to admissions, attendance, assessments, etc.*

## Our Vision

At CampX, our vision is to transform the higher education experience by providing innovative solutions that enhance the way colleges and universities operate. We are committed to being a leading force in the education industry revolution by delivering cutting-edge tools and technologies that streamline operations and drive student success. We aspire to be the go-to partner for institutions seeking to thrive in an ever-evolving digital landscape

Campus

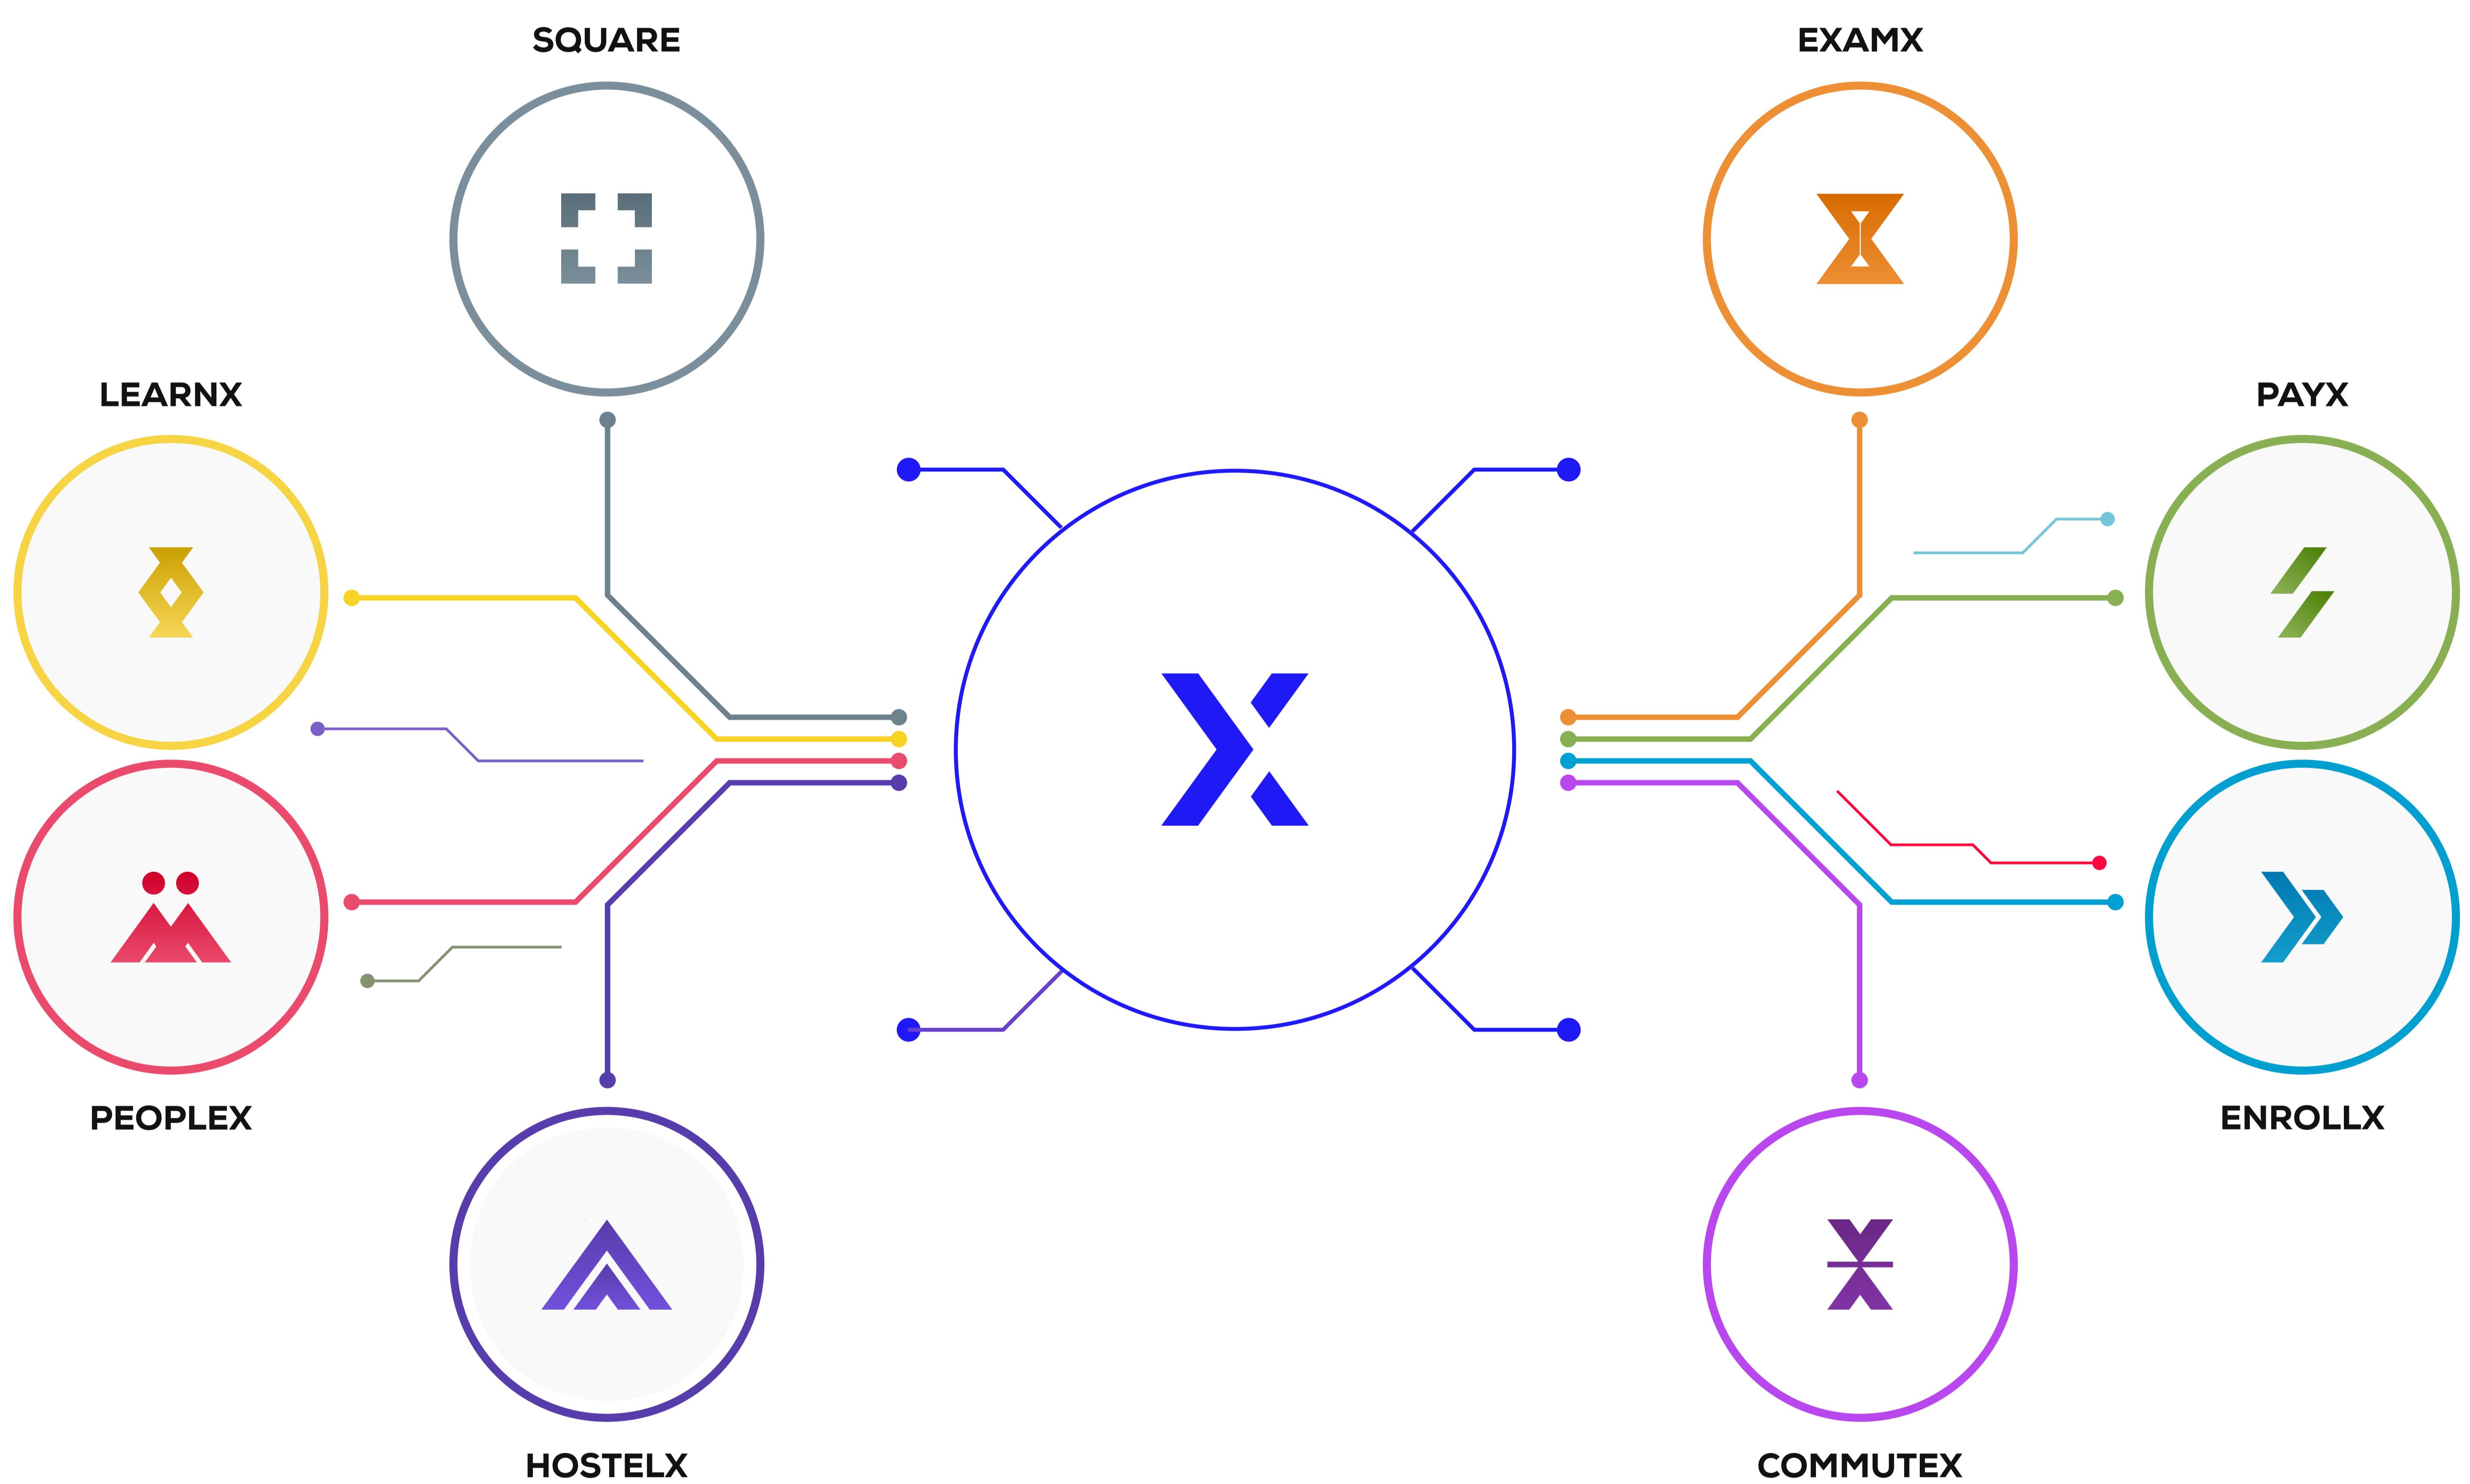

Automation & Management

Platforms

[The 'X' Factor]

The X represents the phenomenal impact that our platform can have on streamlining campus operations. With its comprehensive suite of modules and features, CAMPX is set to revolutionize the way educational institutions manage their day-to-day operations. It provides a seamless experience for both students and faculty alike. Whether it's automating administrative tasks, improving communication, or providing real-time insights into campus performance, CAMPX is the ultimate solution for transforming your institution into a model of efficiency and innovation.

## Our Arsenal of Apps

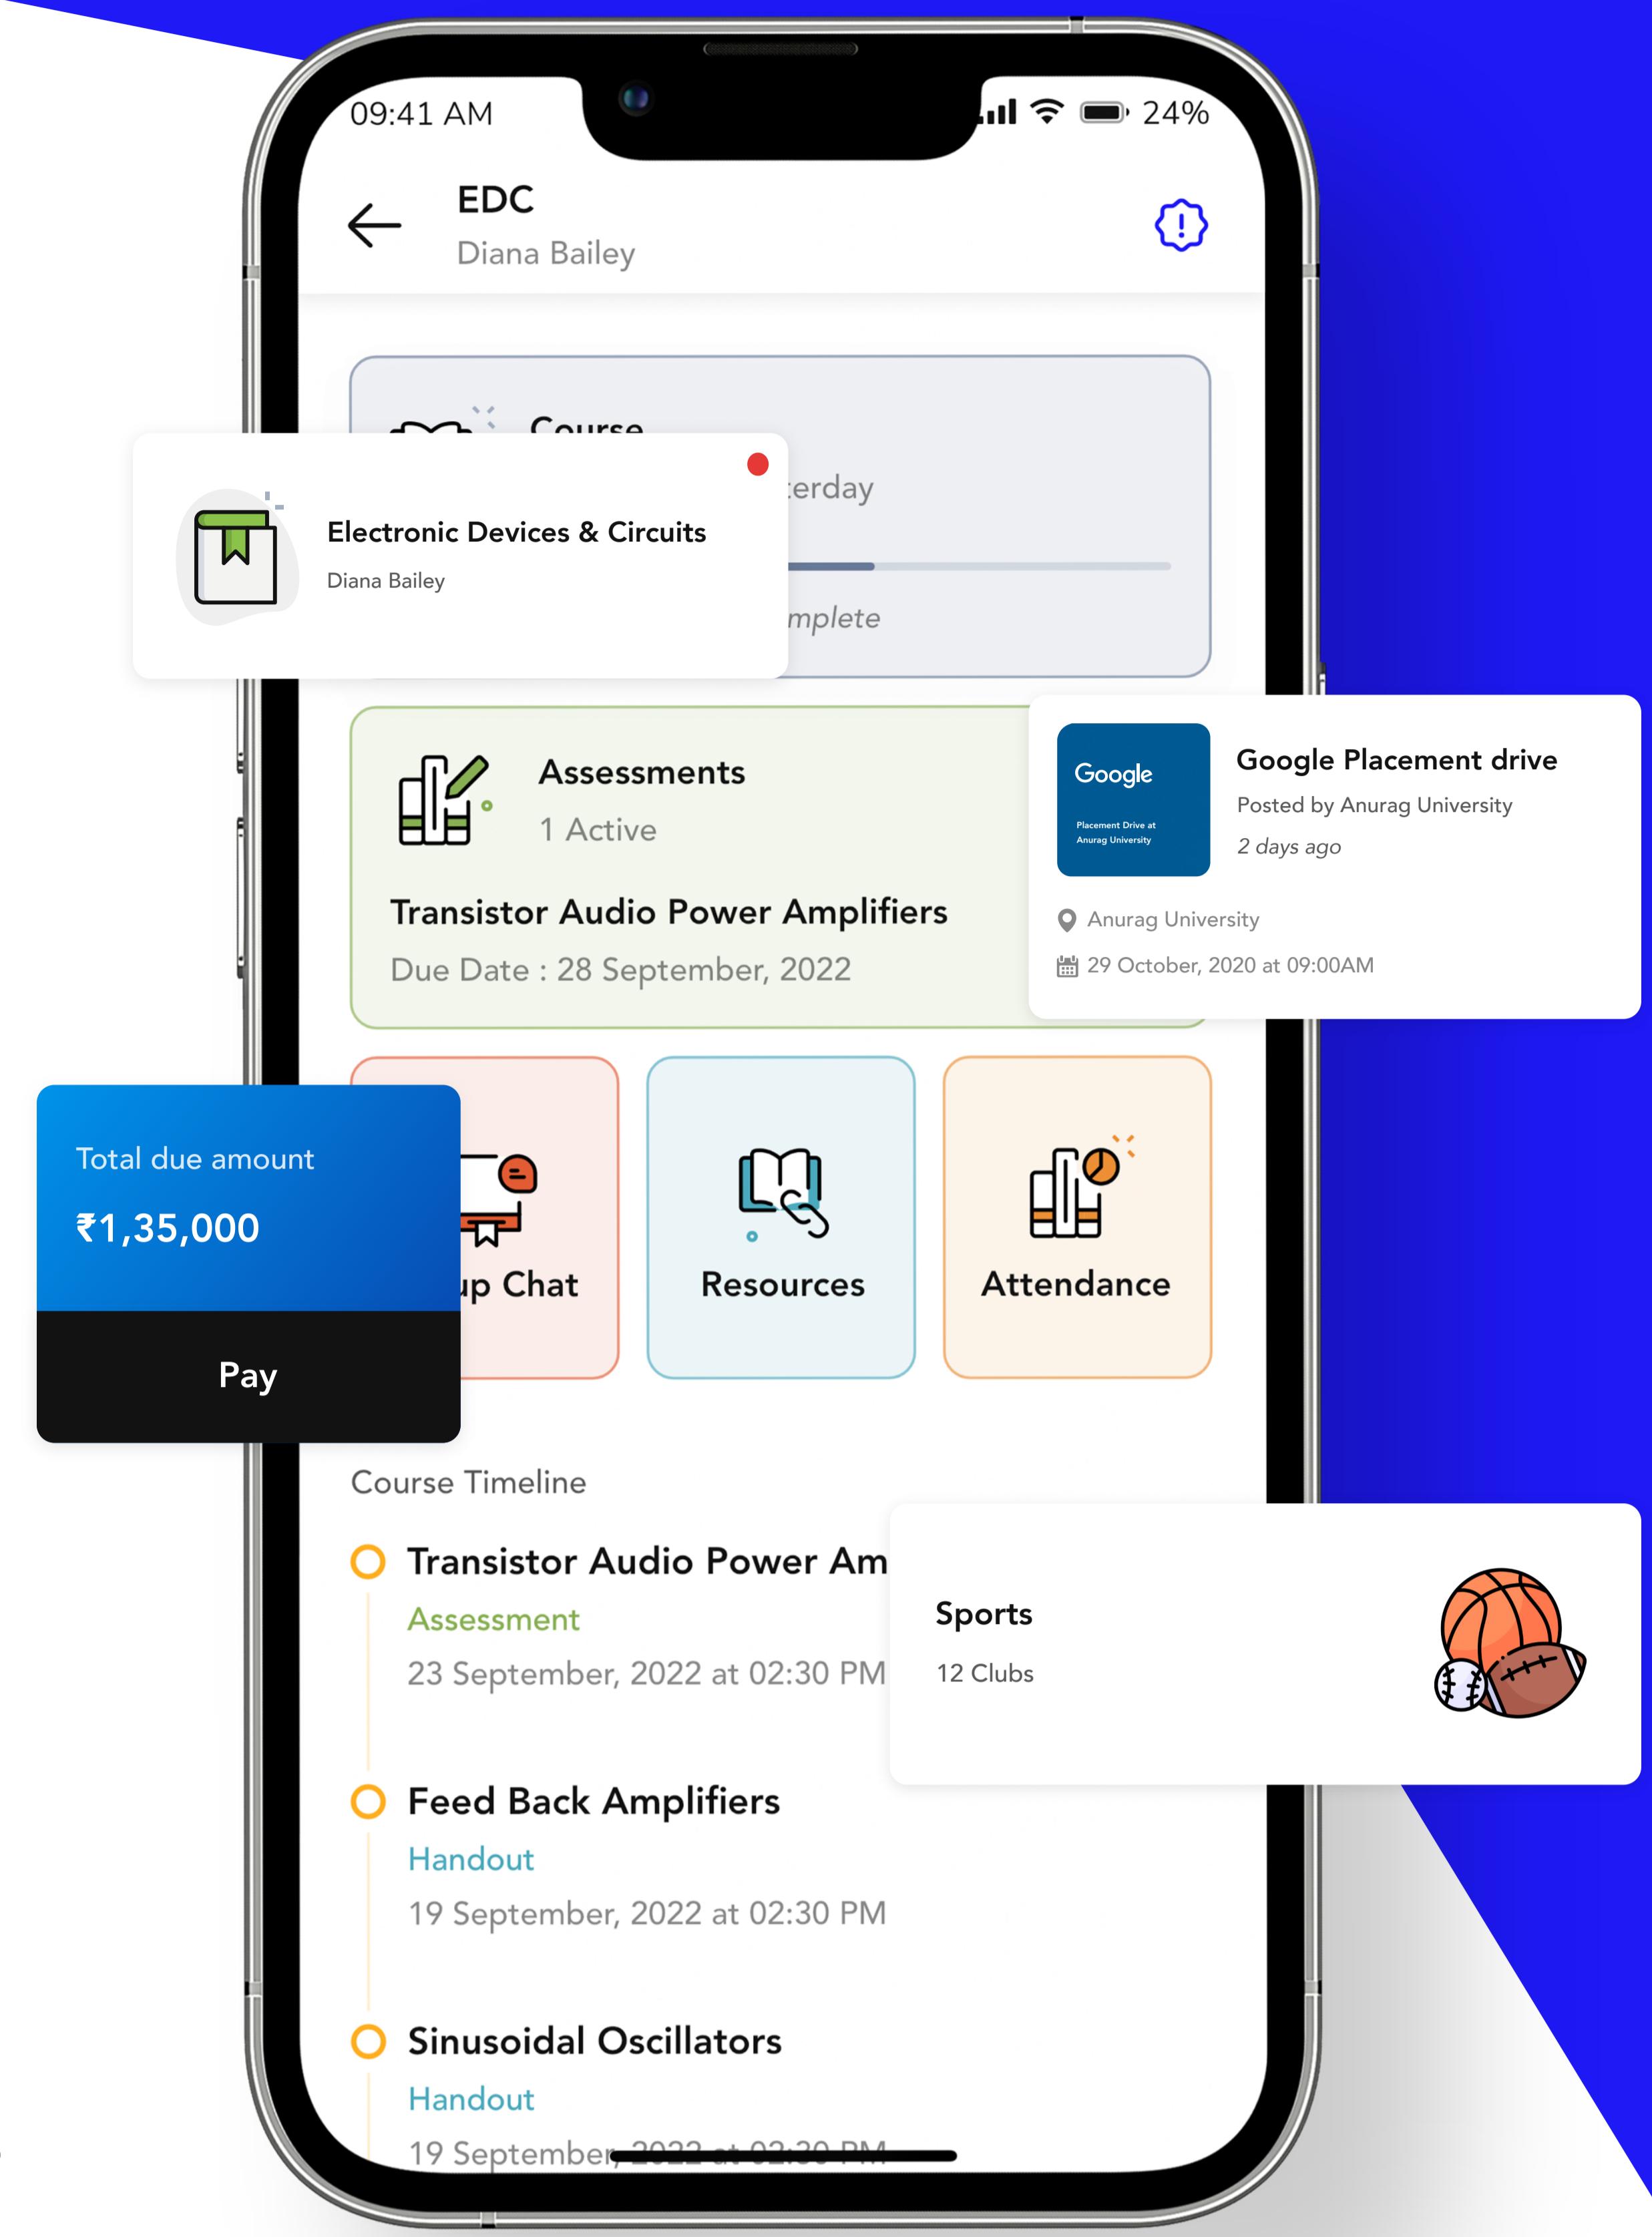

## Our Mission

Our Mission is to empower institutions of higher education with technology that seamlessly integrates with their existing systems and processes and support institutional success, fostering a culture of collaboration, efficiency, and growth. We aim to create a future where technology serves as a catalyst for positive change in the education sector and enables institutions to achieve their full potential.

## CampX Student Mobile Application

Our student mobile app makes the lives of students easier, more efficient, and more connected. The app provides a platform for students to access all the necessary information and resources in one place, anytime anywhere. It offers a seamless academic journey besides a comprehensive view of the student's co-curricular and extracurricular activities. The app is a one-stop solution for students to plan and stay organized in their academic and personal growth.

- ✗ Campus Feed - News, Notifications, Awards & More
- ✗ Daily Schedule - Classes, Assignment Due Dates, Exams
- ✗ Clubs & Events - 360 Degree Student Growth
- ✗ LMS - Course, Handouts and Assessments
- ✗ Online Payments - Tuition, Exam & Transport Fee Payments
- ✗ Student Dashboard - Daily Attendance, Exam Results & More

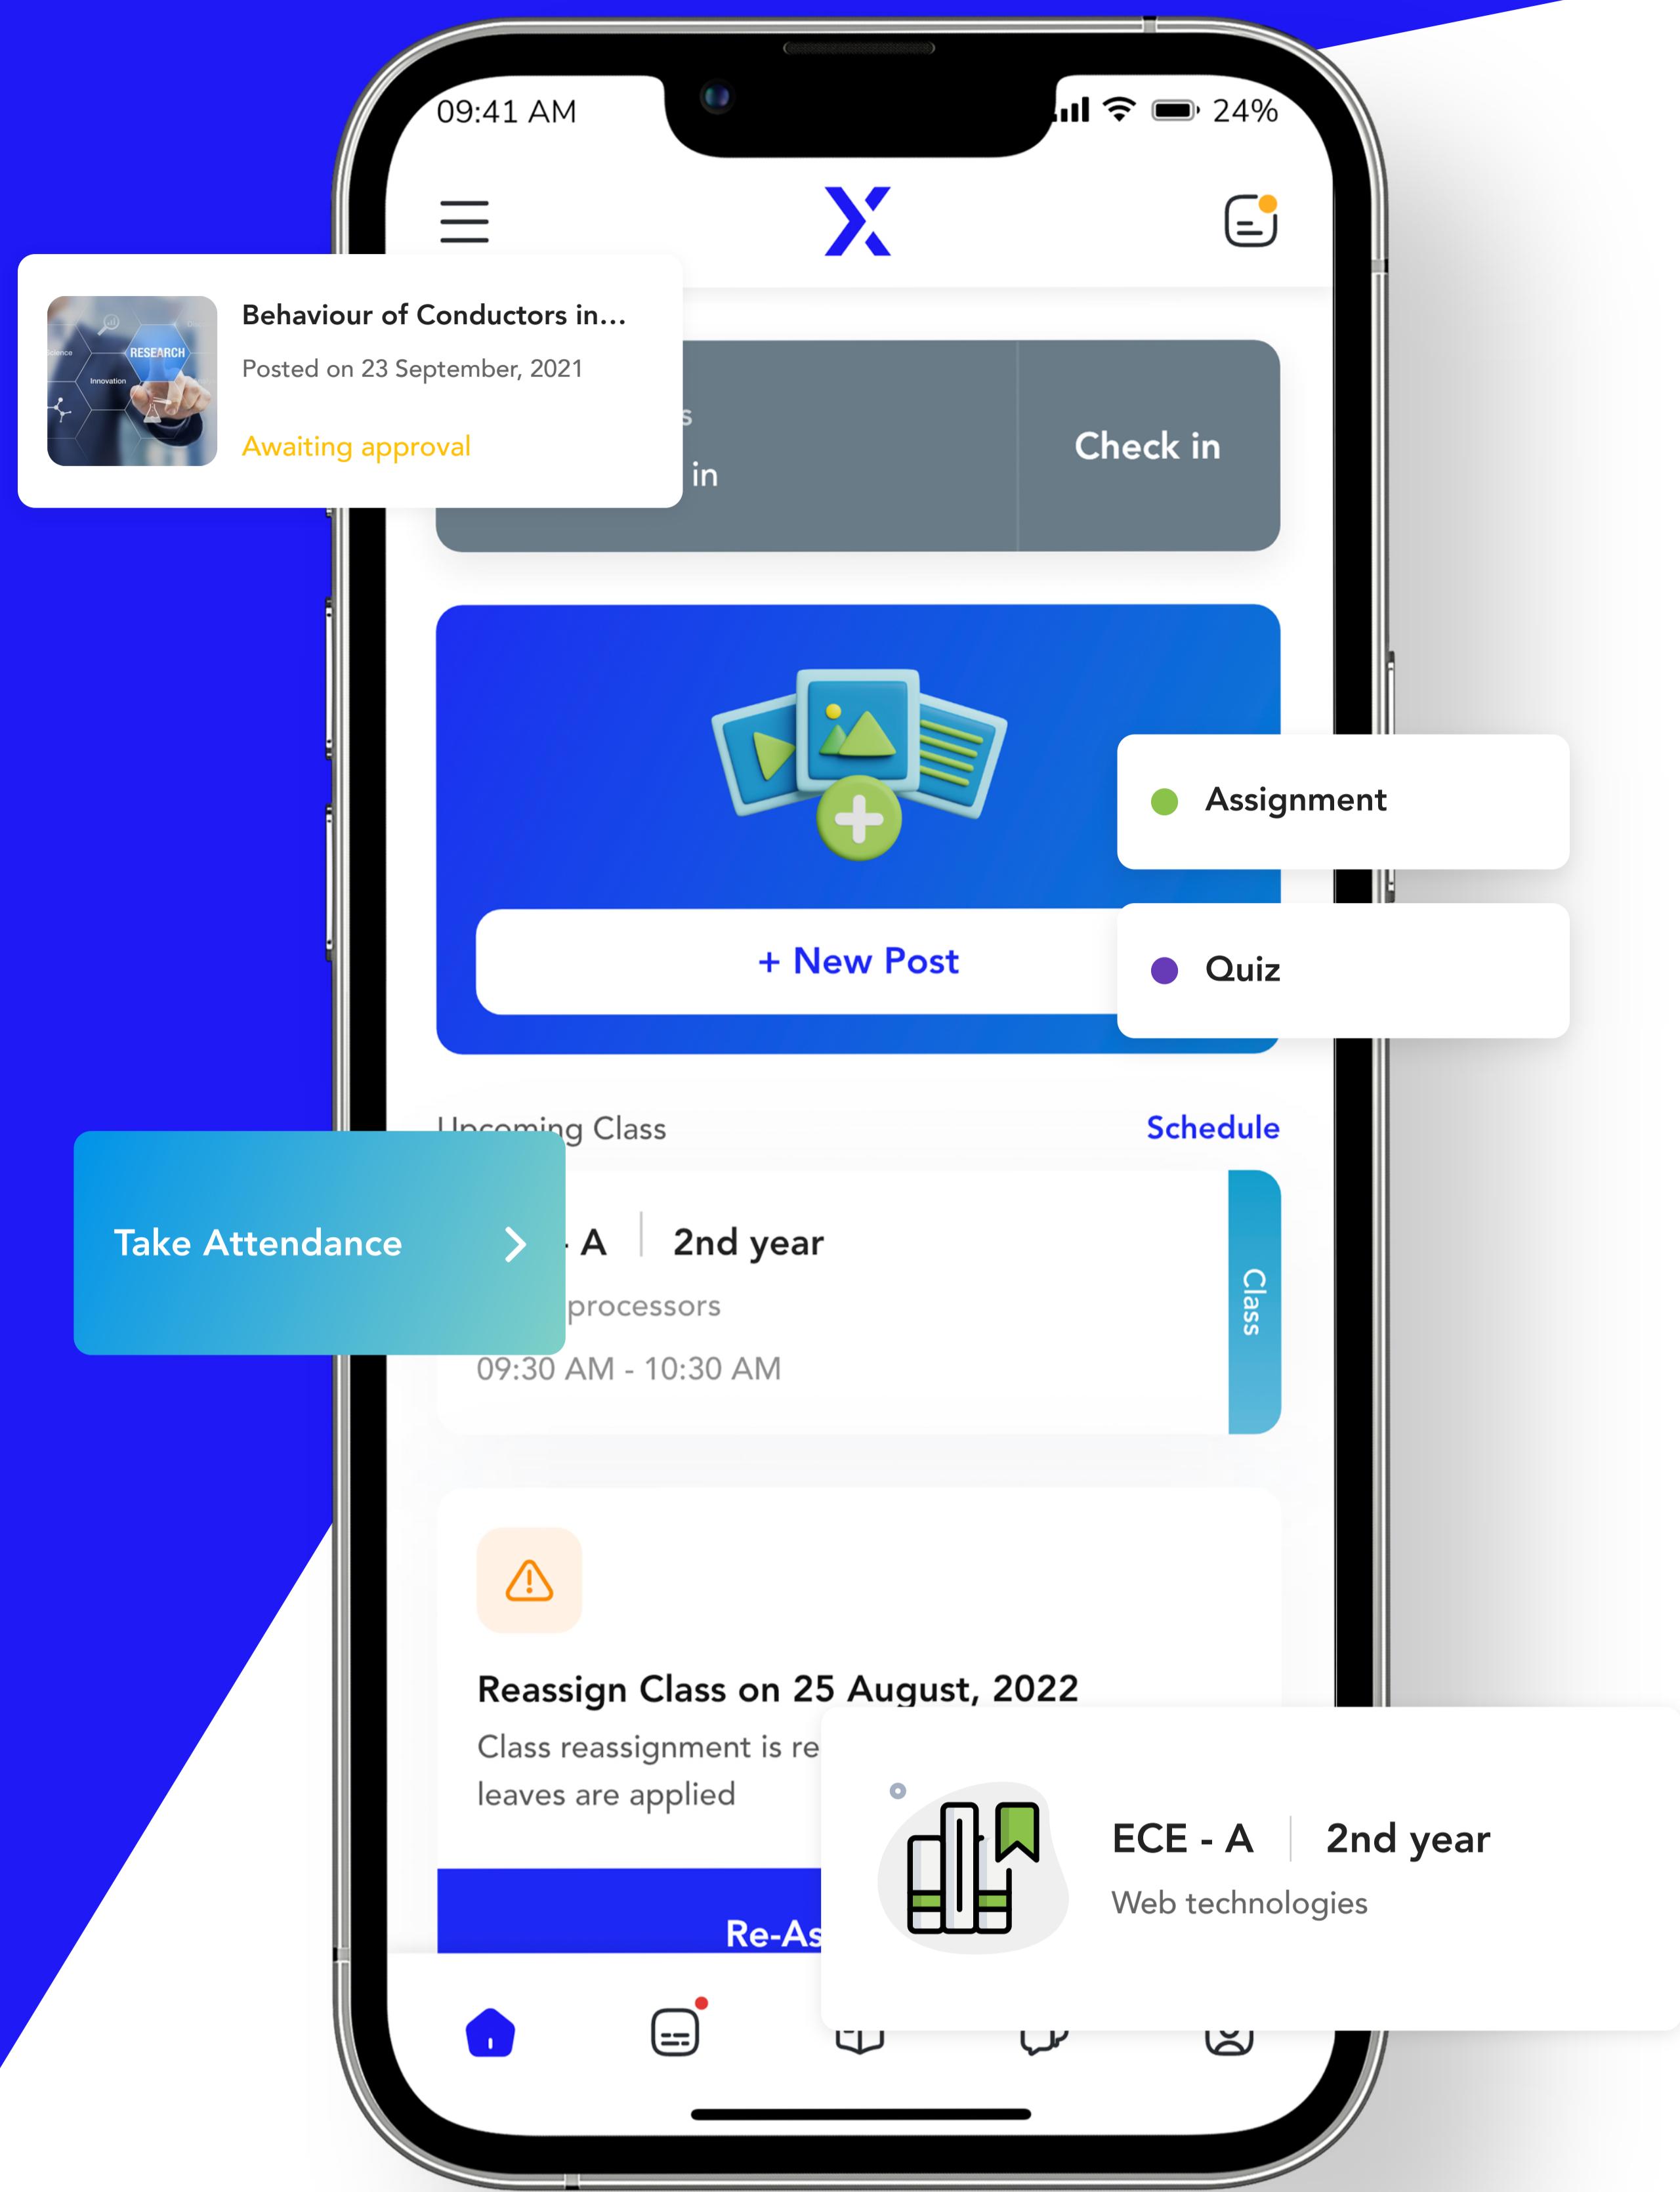

## AI Powered Learning for your campus

The Learning Management System (LMS), powered by AI is designed to enhance the education experience for students and faculty alike. LearnX offers personalized learning paths tailored to various unique needs and learning styles. With this tool, faculty can easily track student progress, assign tasks and assessments, and communicate with their students in real-time, all from one central platform. Whether you are a student or faculty, LearnX offers a seamless and intuitive way to engage with the academic material and achieve your academic goals.

- ✗ Activity Based Learning and Grading Setup
- ✗ Define Outcomes, Track Student Performance
- ✗ Manage Questions of Different Taxonomy Levels
- ✗ Grading Analytics and reminders
- ✗ Student Web Portal
- ✗ Resource Sharing

 CAMPX SQUARE

## CampX Faculty Mobile Application

Faculty Mobile App offers a seamless experience for faculty members in managing their academic journey. Faculty members can easily track and manage their participation in these activities, streamlining the coordination and communication with students. With the CAMPX Faculty Mobile App, faculty members have all the tools they need to succeed in their roles and make a positive impact on their students' academic journeys

- Campus Feed - News, Notifications, Awards & More
- Daily Schedule - Classes, Assignment Due Dates
- Student Attendance - Digitally Record Attendance
- LMS - Course Structure, Handouts and Assessments
- Opportunity Collaboration - Research Projects, etc
- Faculty Profile - Research Papers & Publications

 EXAMX

## Digital Examination Suite

Until recently, educational institutions used traditional solutions to administer these large-scale examinations. ExamX is an automated system to digitize the overall examination process of higher education institutions and universities. It spans end-to-end examination management services from pre-exam to exam administration, on-screen marking, result processing, Result publishing and Memo generation

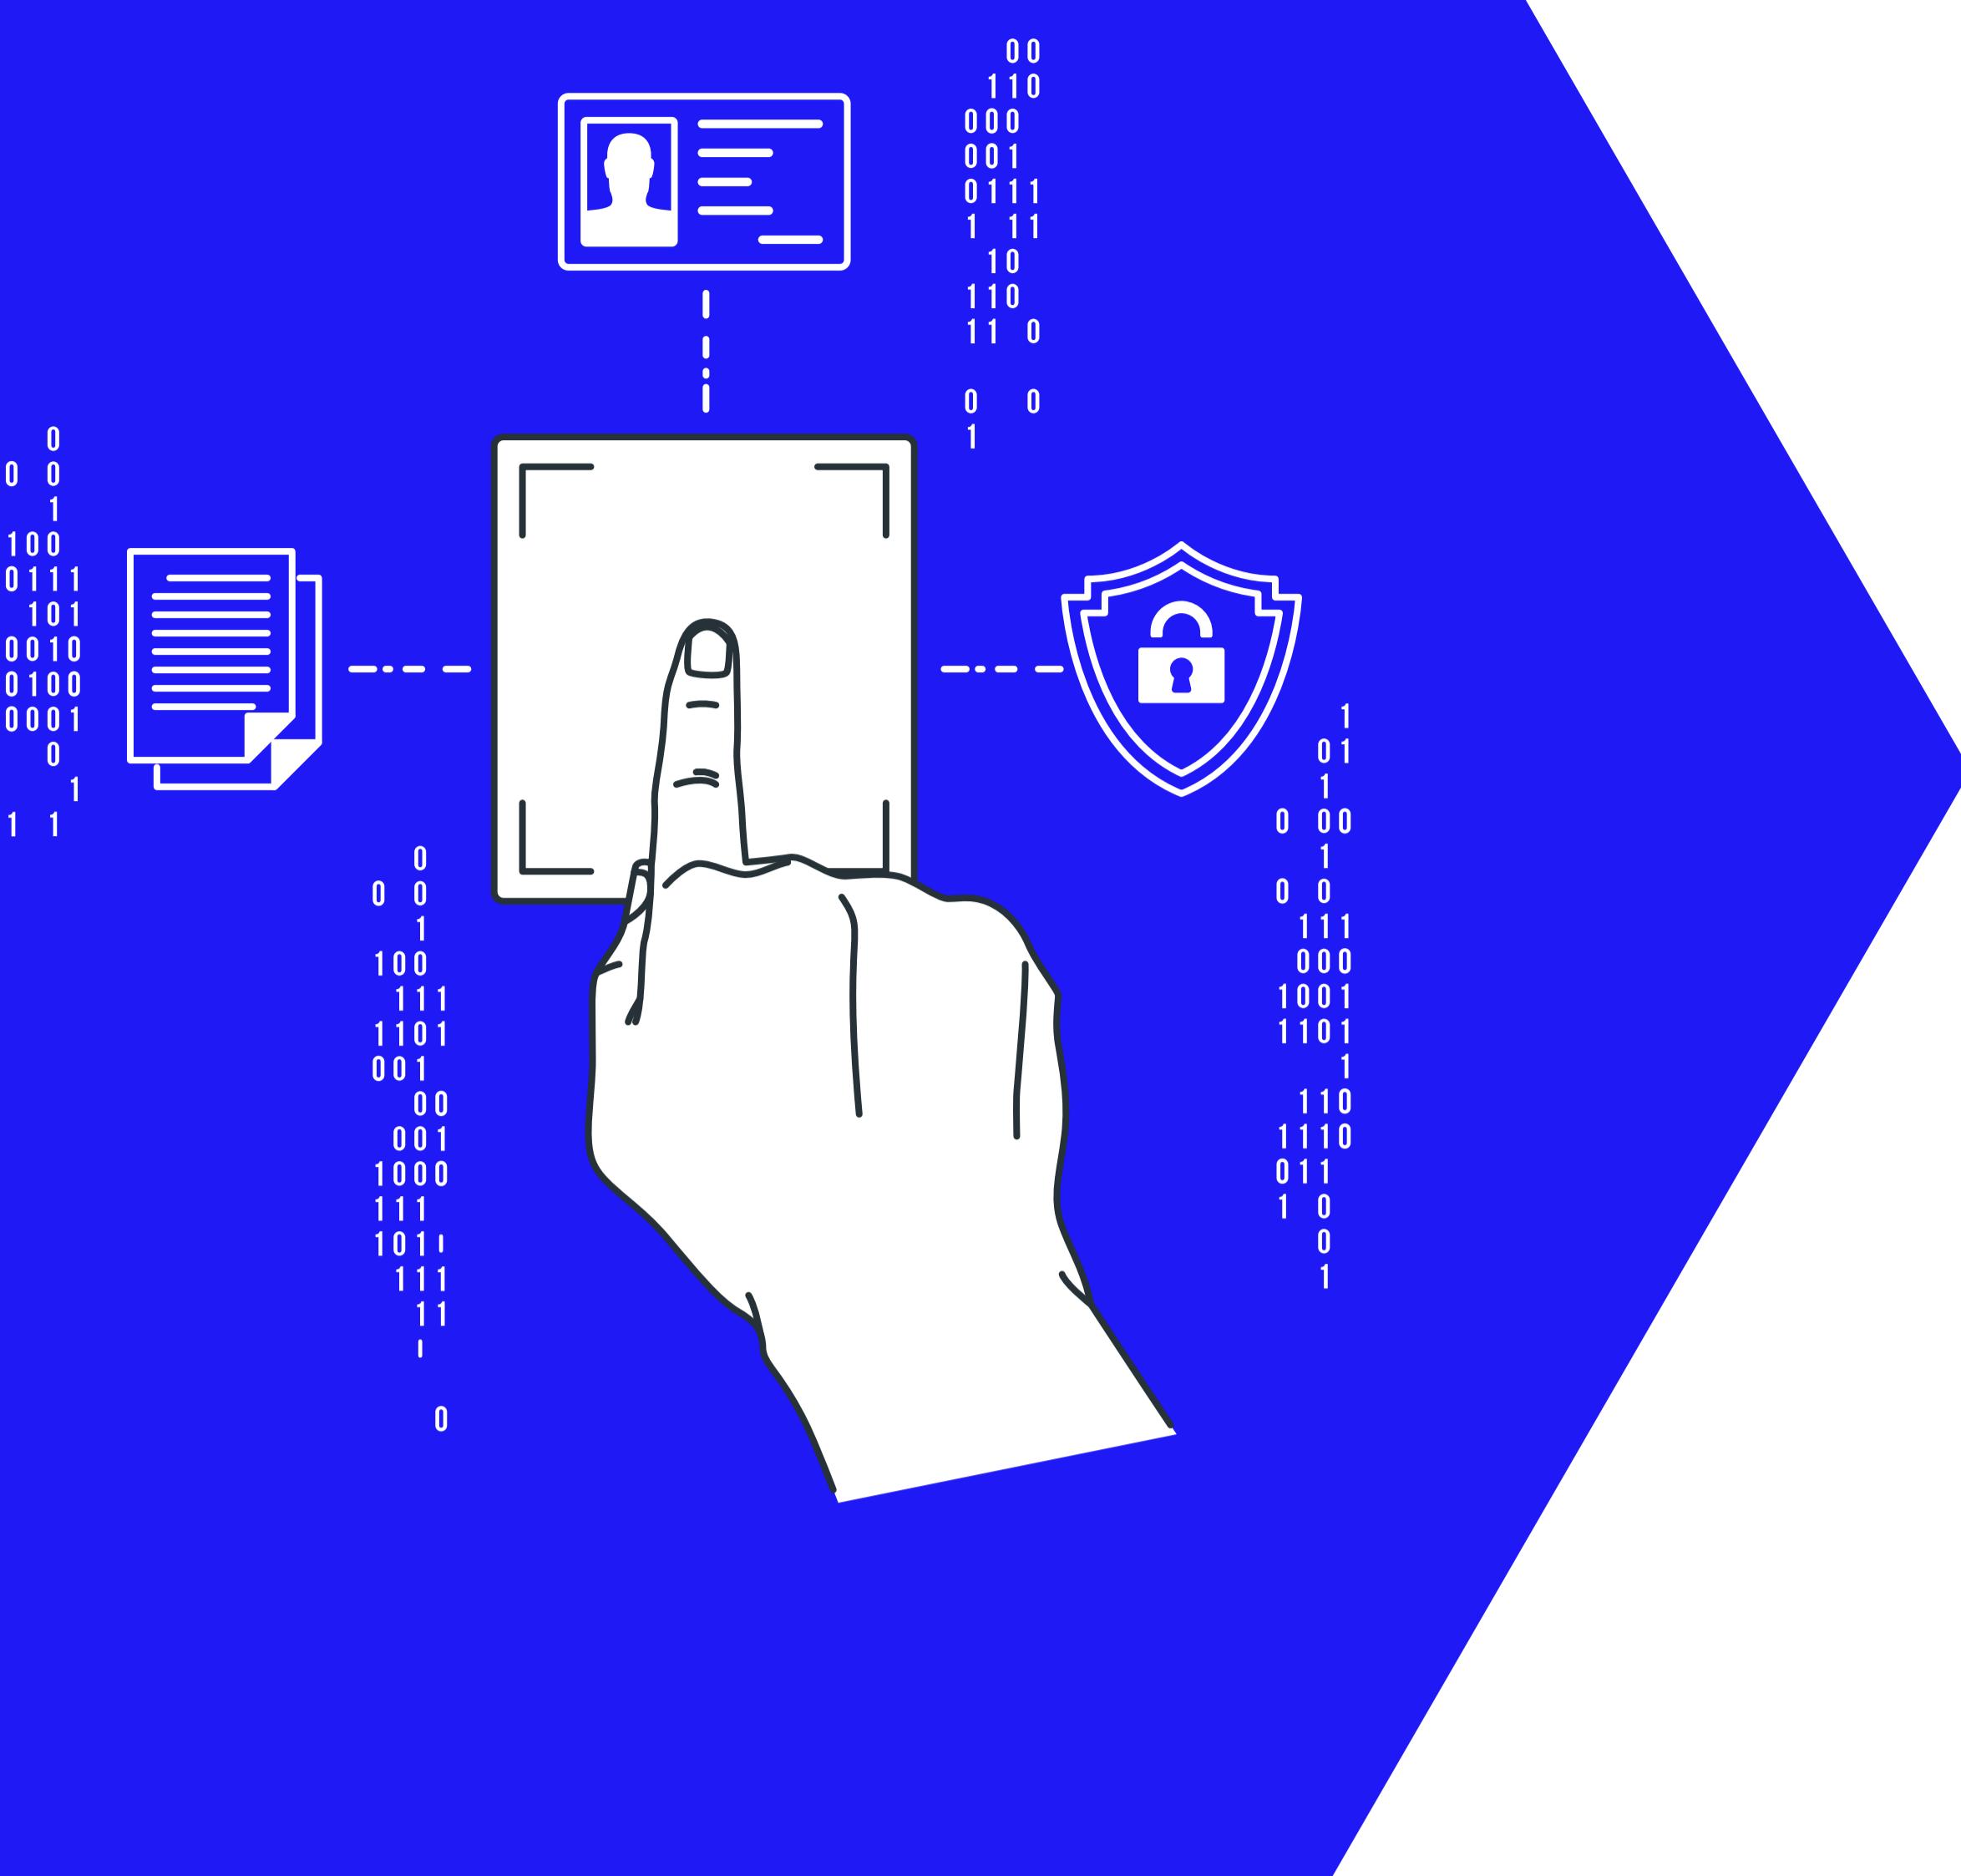

- Exam Notifications - Internal & External Exams Timetable
- Exam Collaterals - Halltickets, OMR Sheets, D- Forms
- Exam Administration - Seating Arrangement, Invigilation
- Exam Management - Bundling & Evaluator Assignment
- Digital Evaluation - On Screen Marking & Evaluation
- Results Generation - Moderation, Grafting & CGPA

## CampX Square

CampX Square is the central hub for all campus administration tasks. As a powerful and user-friendly control panel, it allows administrators to easily manage Student Information System (SIS), organize and track co-curricular activities, streamline ticketing processes, and access detailed logs.

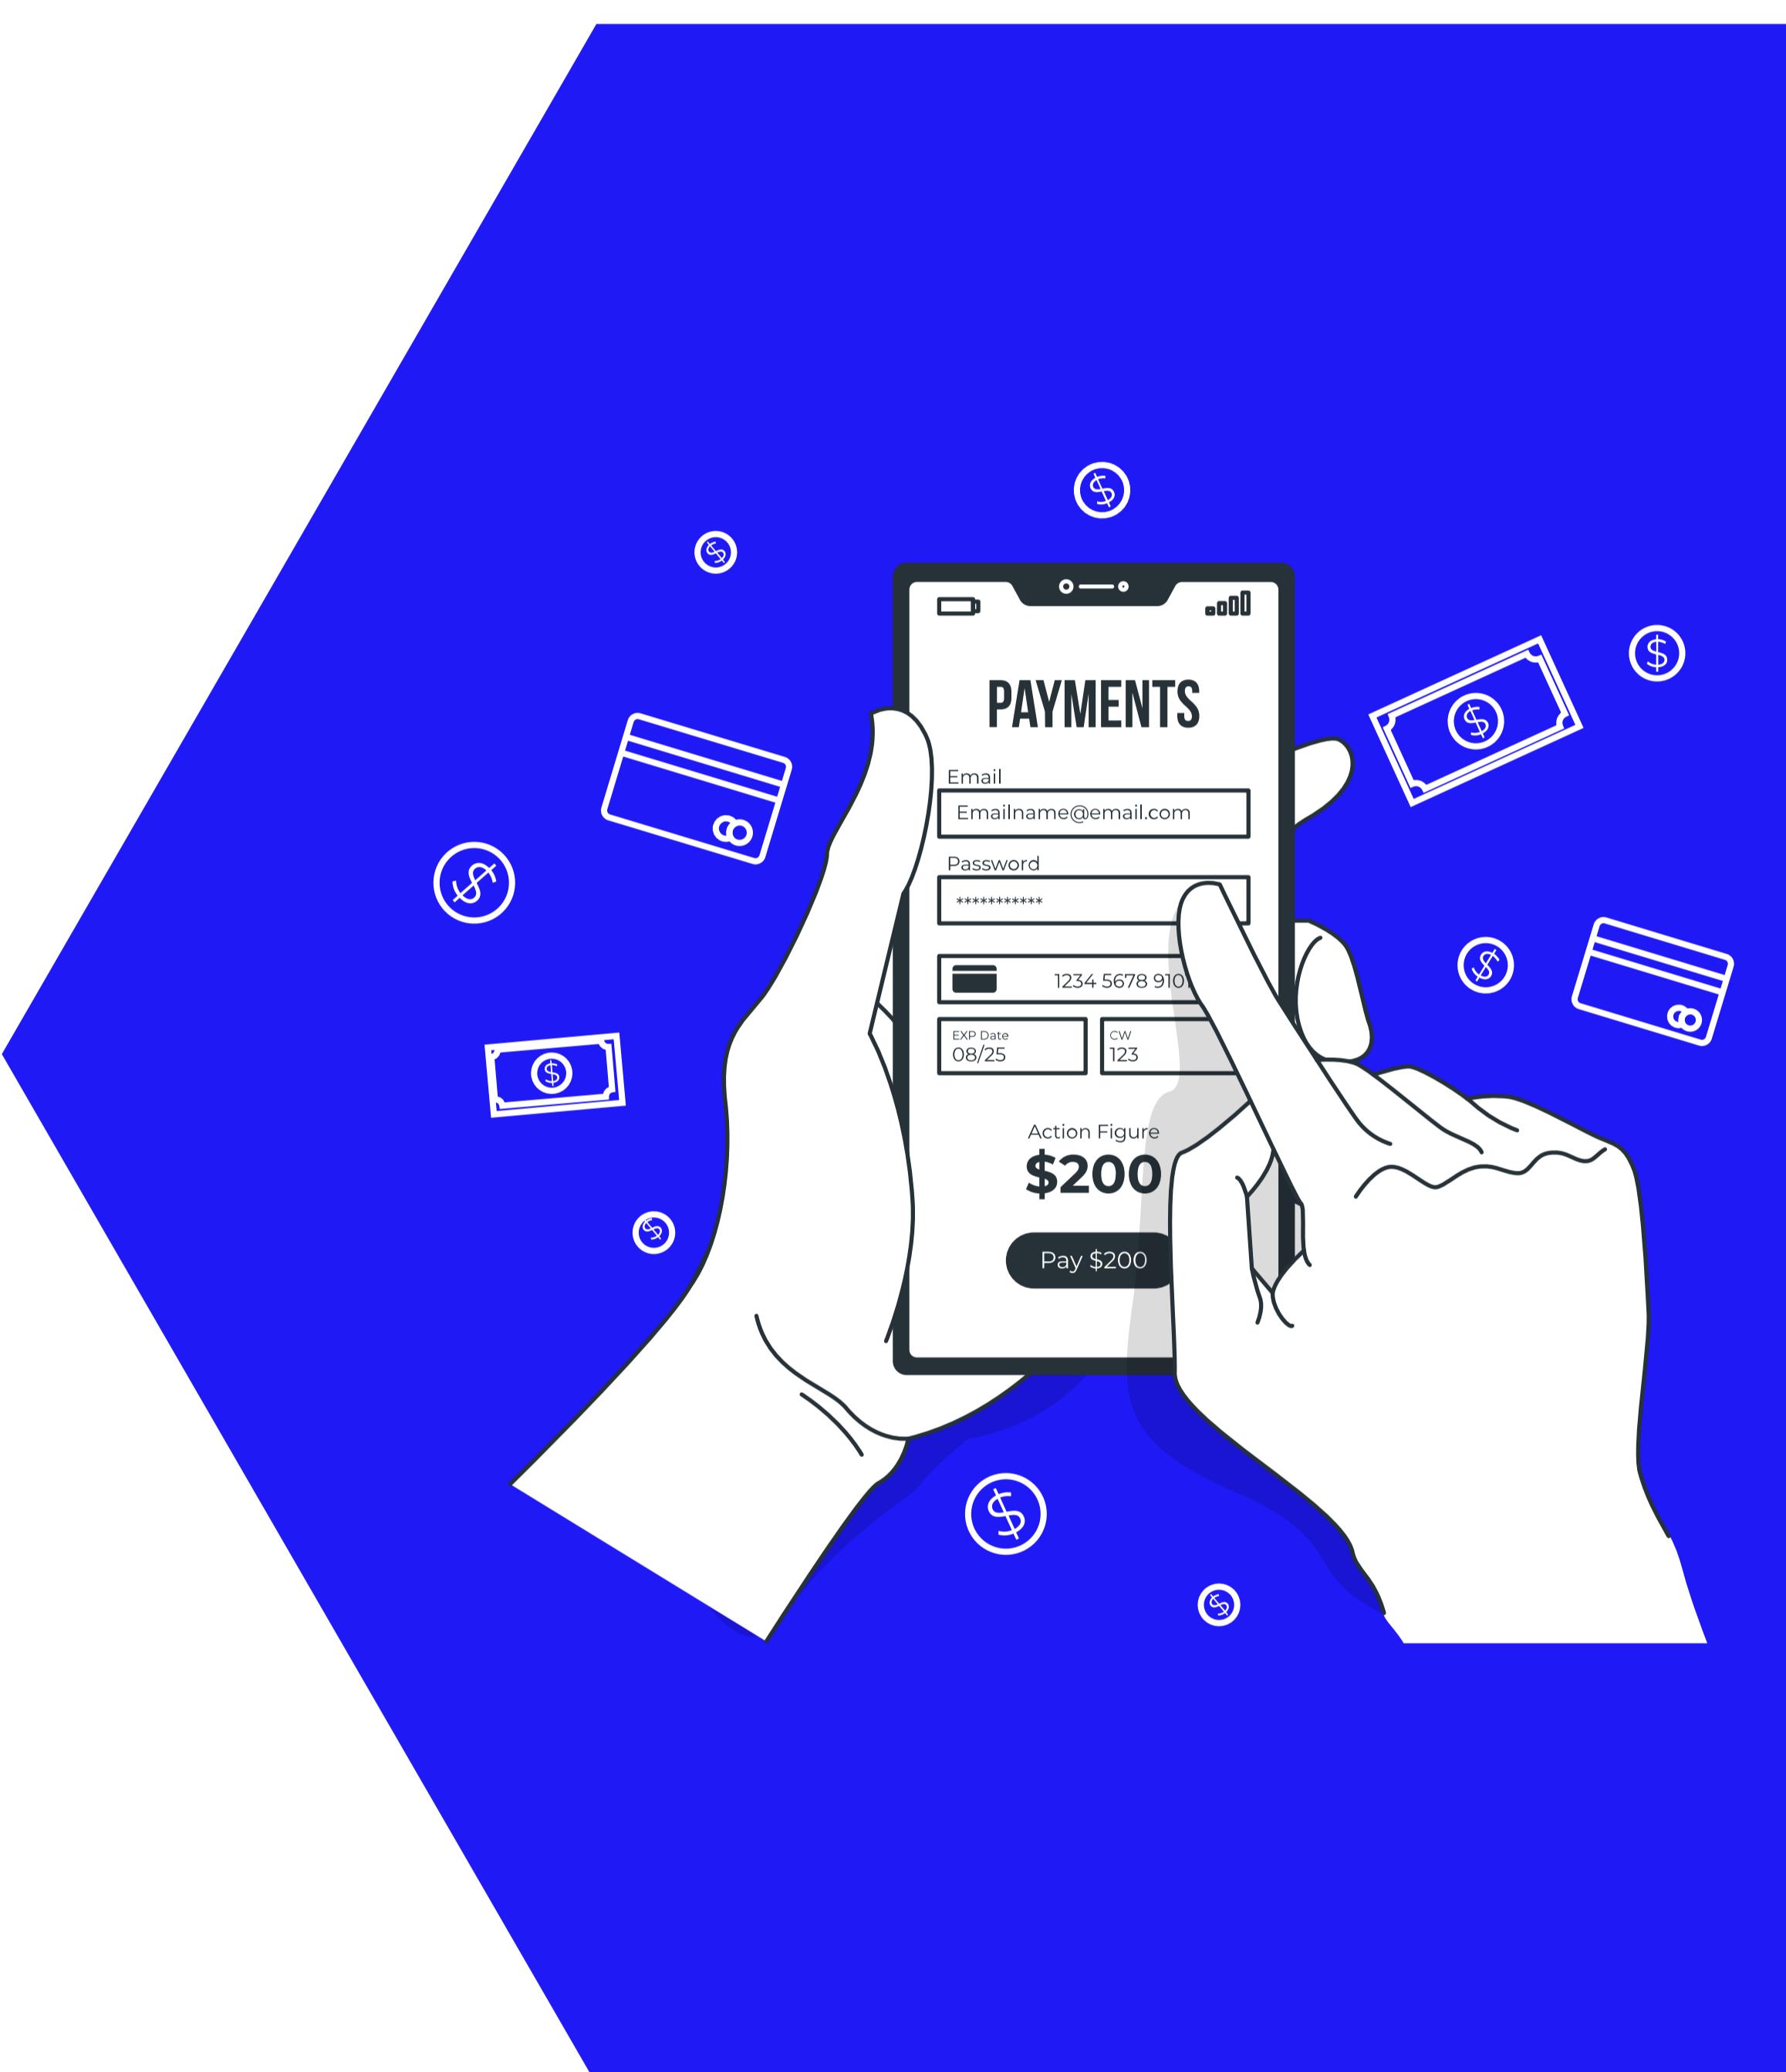

- Program specific Curriculum Setup to Course Completion
- Student Dashboard - Attendance, Exams, Fees, Results
- Campus Feed, Clubs, Events and more
- Campus helpdesk, Tasks

## Unified Payments for your Campus

PayX enables students to not stand in long queues for fee payments. The online fee payment option of PayX makes it easy for students to view fee reminders and complete fee payments through an omnichannel interface from any device effortlessly and securely, while allowing the college to keep track of all payments.

- Fee Configuration - Categories, Scholarships, Fee Structures
- Online Payment Gateway Integration
- Multiple Fee Collection - Admission, Tuition, Exam and more
- Student Notifications - Automated Fee Reminders to Parents

## Result driven CRM for your Campus

EnrollX is the comprehensive enrollment module that streamlines the entire admission process, from lead generation to student enrollment. With EnrollX, make the admission process at your campus smooth by managing leads, applications, communication, and documents effortlessly.

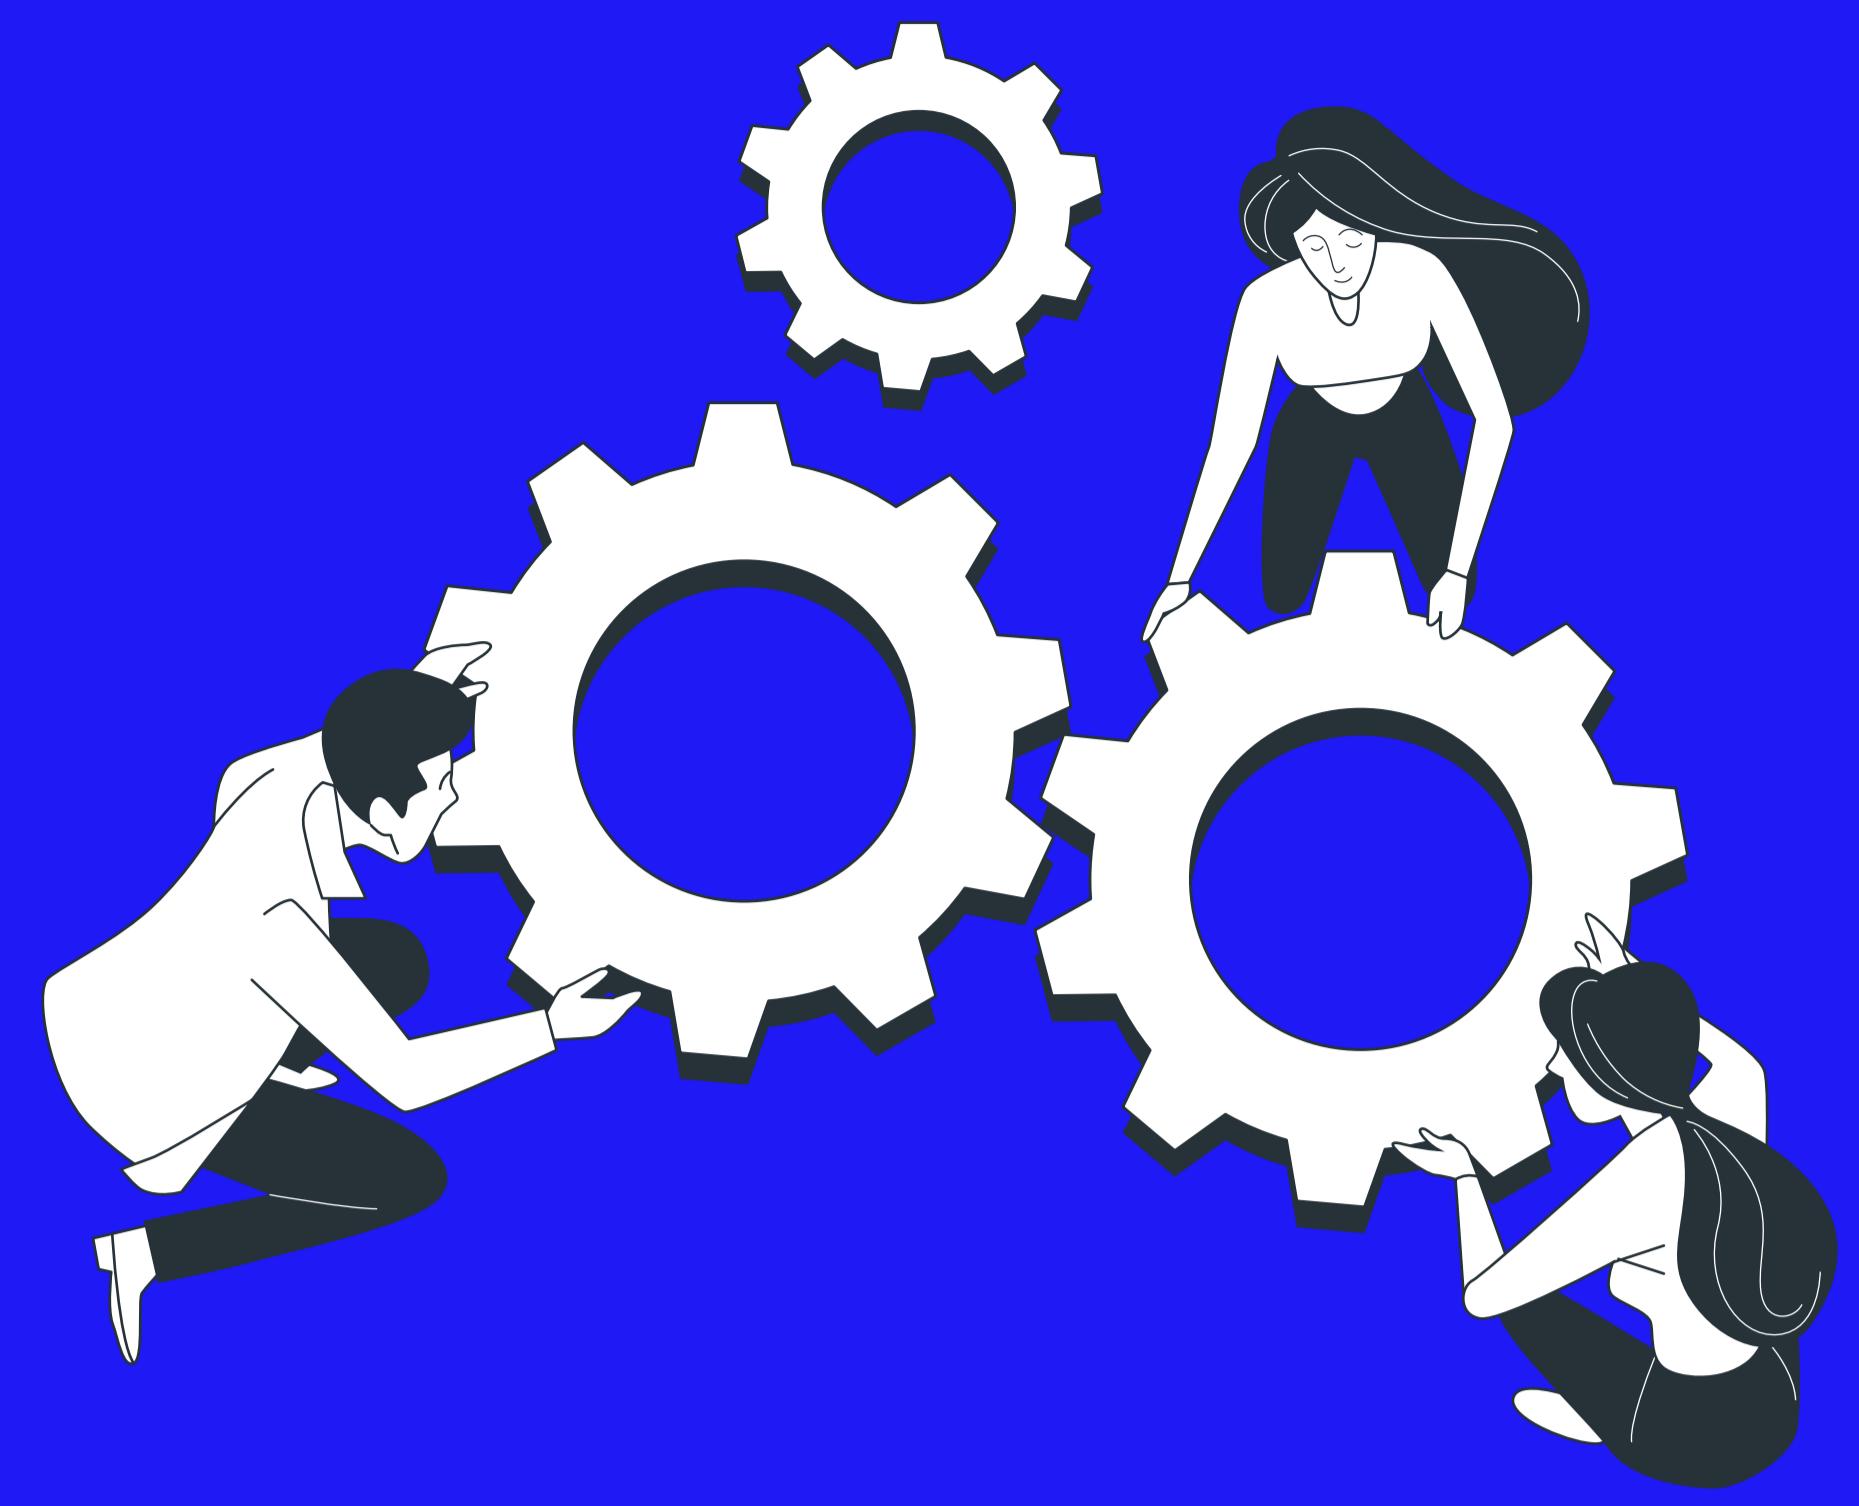

- Leads - lead Generation and management
- Application builder and Admission Management
- Application Tracking System for Students
- Fee Structures and Assignment

## Maximise Efficiency in your Campus

PeopleX is an HR management system designed for your campus to manage your teaching, non-teaching and other staff effortlessly. With PeopleX, you can streamline HR processes, reduce manual errors, and ensure that your staff can access the information they need to perform their jobs effectively.

- ✗ Employee Leave tracking and Payroll generation
- ✗ Employee Information portal
- ✗ Organisation setup - Leave policies, expenses, groups
- ✗ Requests and Approvals - Leaves, Expenses etc

## Manage Hostels and Transport

With HostelX, administrators can easily manage all aspects of student housing, including room assignments, meal plans, and maintenance requests. CommuteX streamlines the process of arranging and managing safe & smooth student transportation to and from campus

- ✗ Hostel Configuration - Room Type Rooms, Fee Structure
- ✗ Room Allotment - Smart Student Allotment
- ✗ Check in/Check outs using Facial Recognition
- ✗ Bus routes configuration and allotment

## Integration with IoT Devices

NXT offers a comprehensive suite of IoT solutions for your organization. Our services include the supply and integration of hardware devices such as turnstiles and flap barriers equipped with advanced technologies such as face recognition. With NXT, rest assured as you are in for a smart, safe, and more connected future.

- ✗ Smart Identity - Facial Recognition, Biometric Devices
- ✗ Smart Security Gates - Turnstiles, Flap Barriers
- ✗ Smart Tracking - GPRS Devices
- ✗ Smart Devices

## Our Clients

---

**The purpose of technology is not just to automate processes or improve efficiency, but to truly enhance the human experience and make life easier & better**

— Ratan Tata

Empowering education through technology, CampX streamlines and integrates college operations to create a seamless, efficient, and effective Environment for Students, Faculty, and Staff
